Explanatory note to statements showing general progress of Co-operative Credit Societies in the several provinces during the year 1911-12.

The abstract tables at the commencement show, in the form hitherto adopted, some of the leading features of progress in the co-operative during the year past. The first abstract shows numbers of Societies and members, capital and disbursements for the whole of India and the four following abstracts give figures for the same heads by provinces.

The general statements which follow give a complete record of the statistics relating to co-operative credit societies in the several provinces in India during the year 1911-12. The figures are taken from the tabular statements appended to the provincial reports of the Registrars of co-operative credit societies for the last year and are classified into three divisions according as they relate to Central, Urban or Rural societies, respectively. The statements include statistics for societies of a co-operative nature in all the British provinces except the North-West Frontier Province and Baluchistan. In the former the movement has as yet made little progress, while in the latter it has not yet been thought expedient to apply the Act. Figures for Mysore are not this year included.

Statement I.—This statement deals with the general progress of the societies and is divided into three parts, I-A, I-B, and I-C, according as it relates to Central, Urban or Rural societies, respectively. The term "Central" has hitherto been restricted to societies lending to, or dealing with, other societies only, but a new class of society has of late sprung up with a view to solve the problems of finance and control by the organization of societies into local unions, and the federation at a later stage of these local unions into central unions. The "Unions" or "Central Banking Unions," as they are called, are classed in most of the provinces under "Central," to which head they properly belong. Certain local Governments, however, *viz.*, Burma and the Central Provinces, have shown all statistics relating to such societies under the head "Rural."

The total number of societies has risen during the year to 8,177, consisting of 120 Central, 495 Urban and 7,562 Rural societies, thus showing an increase of 2,735 over last year's figure. The total membership and working capital, as they stand at the close of the year, are as follows :—

	No. of members.	Working capital. Rs.
Central	11,361	107¾ lakhs.
Urban	67,097	53½ „
Rural	324,860	182¼ „
Total ..	403,318	343½ „

Statement II shows the total receipts and disbursements of the societies during the year. Including the opening balance the total receipts of the Central societies amount to about Rs. 171 lakhs, while the total disbursements are estimated at Rs. 164½ lakhs, leaving a closing balance of about Rs. 6½ lakhs. In the case of Urban societies, the total income of the year, including the opening balance, is Rs. 97¼ lakhs, which, after deducting all the disbursements, leaves a balance of nearly Rs. 3 lakhs. The total income of the Rural societies amounts to Rs. 211 lakhs, as against an expenditure of Rs. 202½ lakhs. Thus, taking all the societies together, the net balance in hand at the end of the year amounts to Rs. 18 lakhs, which shows an advance in the operations of the societies as compared with Rs. 13½ lakhs at the close of the last year.

Statement III.—This statement shows the profit and loss account of the societies and is compiled from Statements II and IV. With the exception of other limited liability Urban Societies in the United Provinces, all kinds of society

in all provinces return a considerable profit. The total amount gained by the societies, as the result of last year's transactions, is as follows :—

	Rs.
Central	2,05,183
Urban	2,44,370
Rural	6,27,689
Total ..	10,77,242

Or Rs. 10¾ lakhs approximately.

Statement IV.—This is the balance-sheet and shows the assets and liabilities of the societies as they stand at the close of the year. Column 26 of this statement does not correspond with column 13 of Statement III, because Local Governments adopt different methods of calculation. The United Provinces shows a net loss of Rs. 1,725 on the working of its other liability Urban Societies.

Abstract.—India, General.

III.	General Statements	6

EXPLANATORY NOTE TO STATEMENTS SHOWING GENERAL PROGRESS OF CO-OPERATIVE SOCIETIES IN THE SEVERAL PROVINCES DURING THE YEAR 1912-13.

The abstract tables at the commencement show, in the form decided upon at the last Conference, some of the leading features of progress in the co-operative movement during the year past. The first abstract shows numbers of societies and members, capital and disbursements for the whole of India and the four following abstracts give figures for the same heads by provinces.

The general statements which follow give a complete record of the statistics relating to co-operative societies in the several provinces in India during the year 1912-13. The figures are taken from the advance tabular statements forwarded by the Registrars of co-operative societies for the last year and are classified into three divisions according as they relate to Central, Agricultural or Non-Agricultural societies, respectively. The statements include statistics for societies of a co-operative nature in all the British provinces except the North-West Frontier Province and Baluchistan. In the former the movement has as yet made little progress, while in the latter it has not yet been thought expedient to apply the Act. Figures for the Native States of Mysore and Baroda have been included.

Statement I.—This statement deals with the general progress of the societies and is divided into three parts, I-A, I-B, and I-C, according as it relates to Central, Agricultural or Non-Agricultural societies, respectively. The total number of societies has risen during the year to 12,324 as against 8,177 last year. There are 251 Central, 691 Non-Agricultural and 11,382 Agricultural societies. It will be observed that Agricultural societies have, during the course of the year, increased by 3,820. The total membership and working capital, as they stand at the close of the year, are as follows :—

	No. of members.	Capital. Rs.	
Central	29,780	193¼	lakhs
Agricultural	4,67,378	286	„
Non-Agricultural	76,378	55	„
Total	5,73,536	534¼	„

Statement II shows the total receipts and disbursements of the societies during the year. Including the opening balance the total receipts of the Central societies amount to Rs. 325 lakhs, while the total disbursements are estimated at Rs. 315⅓ lakhs, leaving a closing balance of about 9⅔ lakhs. The total income of the Agricultural societies amounts to Rs. 347 lakhs, as against an expenditure of Rs. 333⅔ lakhs. In the case of Non-Agricultural societies, the total income of the year, including the opening balance, is Rs. 132 lakhs, which, after deducting all the disbursements, leaves a balance of nearly Rs. 5 lakhs. Thus, taking all the societies together, the net balance in hand at the end of the year amounts to Rs. 28 lakhs, which shows an advance in the operations of the societies as compared with Rs. 18 lakhs at the close of the last year.

Statement II D was prescribed last year to show the operations of insurance societies. These societies, however, at present exist in Burma only, and the statement gives figures for that province alone.

Statement III.—This is the balance-sheet and shows the assets and liabilities of the societies as they stand at the close of the year. The following are the profits resulting from the operations of the different classes of societies :—

	Rs.
Central Societies	4,29,793
Agricultural Societies	13,18,431
Non-Agricultural Societies	2,68,190
Total	20,16,414

Statement IV.—This is an abstract statement prepared for the use of the International Agricultural Institute at Rome.

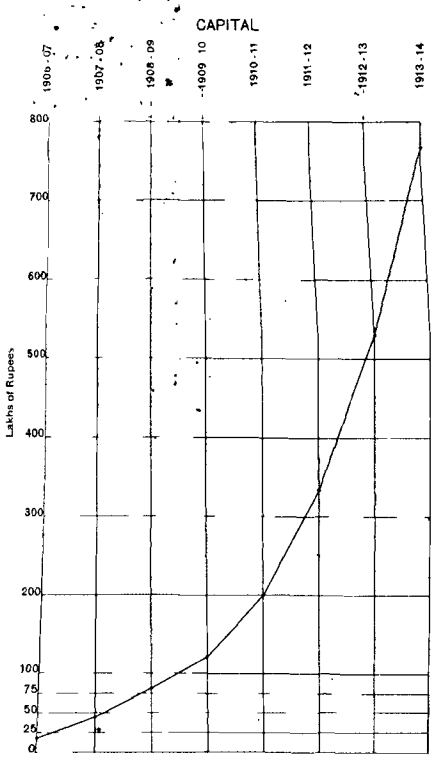
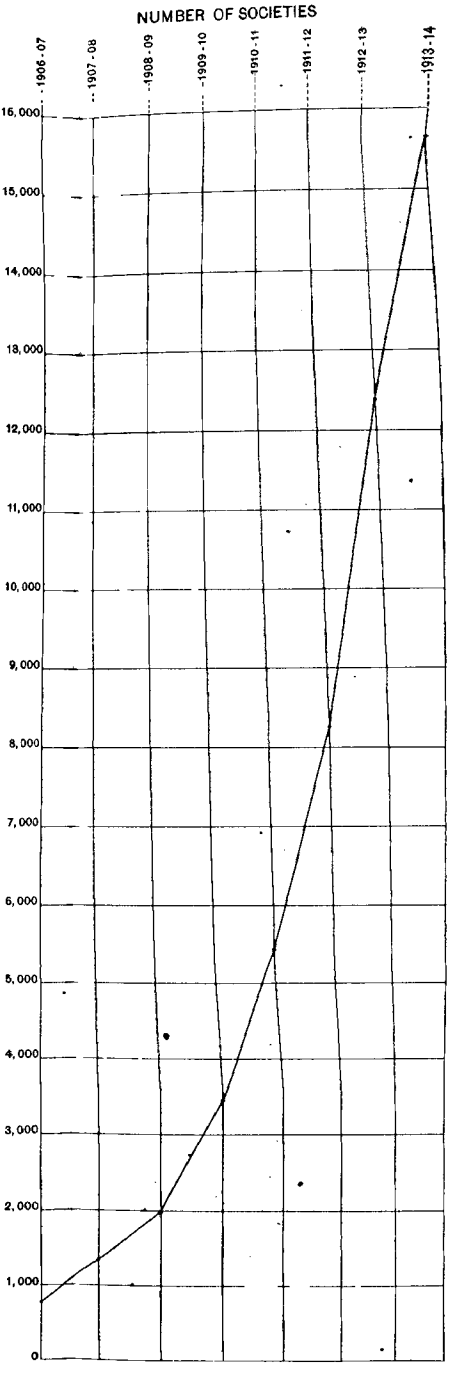
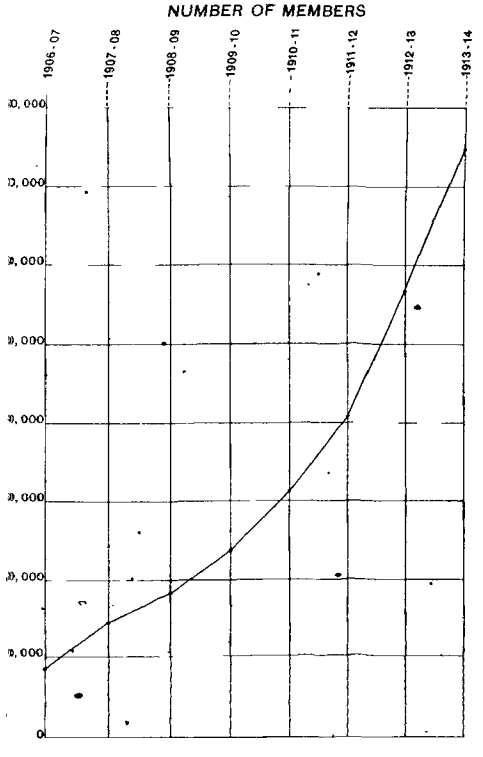
GRAPHS ILLUSTRATING THE PROGRESS OF THE COOPERATIVE MOVEMENT IN INDIA







EXPLANATORY NOTE TO STATEMENTS SHOWING GENERAL PROGRESS OF CO-OPERATIVE SOCIETIES IN THE SEVERAL PROVINCES DURING THE YEAR 1913-14.

The abstract tables at the commencement show some of the leading features of progress in the co-operative movement during the past year. The first abstract shows numbers of societies and members, capital and disbursements for the whole of India and the four following abstracts give figures for the same heads by provinces.

The general statements which follow give a complete record of the statistics relating to co-operative societies in the several provinces in India during the year 1913-14. The figures are taken from the advance tabular statements forwarded by the Registrars of co-operative societies for the last year and are classified into three divisions according as they relate to Central, Agricultural or Non-Agricultural societies, respectively. The statements include statistics for societies of a co-operative nature in all the British provinces except the North-West Frontier Province and Baluchistan. In the former the movement has as yet made little progress, while in the latter it has not yet been thought expedient to apply the Act. Figures for the Native States of Mysore and Baroda have been included.

Statement I.—This statement deals with the general progress of the societies and is divided into three parts, I-A, I-B, and I-C, according as it relates to Central, Agricultural or Non-Agricultural societies, respectively. The total number of societies has risen during the year to 15,673 as against 12,324 last year. There are 329 Central, 806 Non-Agricultural and 14,538 Agricultural societies. It will be observed that Agricultural societies have, during the course of the year, increased by 3,156. The total membership and working capital, as they stand at the close of the year, are as follows :—

	No. of Members.	Capital. Rs.	
Central	34,710	287	lakhs.
Agricultural	5,99,822	403½	„
Non-Agricultural	1,09,694	81	„
Total ..	7,44,226	771½	„

Statement II shows the total receipts and disbursements of the societies during the year. Including the opening balance the total receipts of the Central societies amount to Rs. 461¼ lakhs, while the total disbursements are estimated at Rs. 447¾ lakhs, leaving a closing balance of about 13½ lakhs. The total income of the Agricultural societies amounts to Rs. 433 lakhs, as against an expenditure of Rs. 416½ lakhs. In the case of Non-Agricultural societies, the total income of the year, including the opening balance, is Rs. 174½ lakhs, which, after deducting all the disbursements, leaves a balance of nearly Rs. 5½ lakhs. Thus, taking all the societies together, the net balance in hand at the end of the year amounts to Rs. 35½ lakhs, which shows an advance in the operations of the societies as compared with Rs. 28 lakhs at the close of the last year.

Statement II D shows the operations of insurance societies. These societies, however, at present exist in Burma and Coorg only, and the statement gives figures for those provinces alone.

Statement III.—This is the balance sheet and shows the assets and liabilities of the societies as they stand at the close of the year. The following are the profits resulting from the operations of the different classes of societies :—

	Rs.
Central Societies	6,38,577
Agricultural Societies	15,21,486
Non-Agricultural Societies	3,86,696
Total	25,46,759

Statement IV.—This is an abstract statement prepared for the use of the International Agricultural Institute at Rome.
